Job Vacancy Notice

Meditech Financial App Analyst, Information Systems

PURPOSE OF POSITION: This position will apply knowledge of financial healthcare applications to assist hospital clients in support of implementation and maintenance of owned or newly purchased software products. Duties include writing dictionaries, correcting program errors, preparing operating instructions, and compiling documentation of program development. This person will be responsible for testing Meditech software upgrades as well as providing support for multiple modules. Other responsibilities include researching problems, testing, training and documenting best practices.

EDUCATION AND EXPERIENCE: High school diploma or equivalent is required. Some college preferred. Registration/Certification: No certification is required. Must have Meditech dictionary building experience. 3-5 years of Meditech experience with a focus on financial modules required. Experience with Meditech ADM, B/AR, AP, GL, and MM is preferred along with NPR report writing. MIS menu building is also preferred.
