**We are excited to announce that after several years of hard work and incredible community involvement, the HEALTHH Project is wrapping up.**

We are in the process of analyzing data and reporting our findings to the Norton Sound Health Corporation and communities of the region. The data collection phase of HEALTHH finished on March 31st, 2020.

We are looking to share community member HEALTHH Project experiences. If you would like to share a story about your involvement with HEALTHH, please email us at:

Keep a look out! Study results will be posted to:
